

Corporate Social Responsibility Policy

MRI is committed to operating in a way that considers, manages and balances the financial, social and environmental impacts of its business activities in a positive, responsible and ethical manner whilst understanding and professionally servicing Australian and Asian markets with its activities centred upon the recycling of computer, electrical, electronic & telecommunications equipment including batteries.

The core elements are:

Corporate Governance

MRI strictly complies with all relevant legislation, listing rules and corporate governance guidelines and ensures ethical corporate behaviour across all aspects of the business.

Employees

MRI creates a corporate culture and environment which attracts and retains reliable, respectful and ethical employees. The Company provides opportunities for development and promotion through a comprehensive and innovative range of training courses. It encourages teamwork, provides fair remuneration, and is an equal opportunity employer.

Environmental

MRI complies with applicable environmental legislation and regulations. We are committed to complying with or exceeding accepted environmental practices related to our business aspects including to the applicable legal and other requirements to which we subscribe, to striving for continual improvement in our environmental performance and to minimizing the use of resources and creation of waste and pollution.

Community

MRI is committed to being a responsible corporate citizen through support for appropriate organisations. Where appropriate we will actively contribute to the local communities we operate with through providing time and resources to community projects.

Freely Chosen Employment

We do not use forced, bonded, indentured or involuntary prison labour. Workers are not required to hand over government-issued identification, passports or work permits government-issued identification, passports or work permits.
